Dear Currawa Community, Parents and Guardians,

What a great feeling it has been to have all the students back onsite together again!

Well done to everyone for your continued commitment and support throughout this term. It has been challenging going in and out of lockdown, but everyone at Currawa PS has continued to show resilience and a positive attitude. With the return to onsite learning there is also many covid safe rules and guidelines to ensure that students, families and staff remain safe. Students in grades 3-6 are expected to wear face masks, which the school has an ample supply of. Students in grades F-2 are strongly recommended, especially as we share the one classroom.

With the return to onsite learning, students will be returning to a school routine with a focus on student wellbeing, in addition to our strong literacy, numeracy and science program. We are still very fortunate to have the services of MACC, MARC, Skillzone and Mandarin subjects throughout the term.

As the weather starts to heat up students will be expected to wear hats when outside. We will also have icy poles for sale at 50cents each. Students will be allowed a maximum of one per day.

I am very happy to have all students back onsite and I am thoroughly looking forward to the rest of the term.

We are also now taking enrolments for 2022, so if you know anyone who may be interested in enrolling their student next year please get them to contact me.
