1. School profile

At Currawa Primary School, The Little School where Science Rules, we are A.C.E! (Accepting, Curious and Enthusiastic). Our aim is to promote and develop lifelong learners by working to develop confident children who: Demonstrate high levels of understanding of the curriculum, are working to become socially competent individuals who contribute to the broader community, have a spirit of curiosity, have an appreciation and understanding for cultures other than their own, are working to become independent thinkers who are adaptive and resilient in a changing world and foster a respect and responsibility for self and others.

Our school lies at the foothills of Mount Major in a rural area in North East Victoria in between the two regional centres, Shepparton and Benalla. The school is located on the grounds of Melbourne University's Dookie Campus. 2021 saw the school start the year with 13 students. The Currawa Primary School students come from families who work at the Dookie Agricultural University, nearby farms, the township of Dookie or from the regional centre, Shepparton. The families that attend Currawa Primary School have a close relationship with the school and form a tight-knit community.

Current staffing at Currawa includes a full-time teaching principal, an experienced 0.6 teacher, a 0.2 business manager, 0.2 education support and a bus driver, as well as visiting specialist teachers for Art, Library and EAL support. ICT is also very well supported, with a computer and iPad assigned for each student. Currawa has now been running a Mandarin Program for 5 years. This program sees us use ICT to connect with a teacher at the base school to take part in a live lesson.

Currawa promotes the importance of Student Health and Wellbeing to equip students with important social and emotional skills such as resilience, courage, looking on the bright side, understanding our emotions, building relationships and the harm bullying can cause.

The school is regularly involved in Cluster Days with groups of other small schools for special performances, sporting events and camps, and has a good working relationship with the nearby regional schools. The parent community is heavily involved with the school, with nearly all families represented on school council. The small size of the school, its links with the community and parents, and the dedication of the teaching staff offer a uniquely safe and nurturing environment for a group of well-engaged and connected students.

2. School values, philosophy and vision

Our school's vision is to prepare young people to become active, engaged and responsible citizens of the local and global community. It aims to prepare students to contend with a very dynamic 21st century in which creativity, cooperative work, connectedness to the world and adaptability are key features. The school aspires to provide a contemporary approach to teaching and learning in its purposeful learning environment.

Our Statement of Values is available online on our school website.

3. Engagement strategies

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with Currawa Primary School's Bullying policy.

Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.
